Occurred Under the Clouds of Mist-A Joke That Cost Two Lives -A Schoolgiri's

If the falls of Niagara should talk, what a tale of mystery and death they could talk how many thrilling romaness they could recite, what stories of love and oring they could unfold. There is more mystery too
the square inch about this market than
can be found at any spot in the world.
It has been said there is some could for
cination about the music of this mighty. sterfall; some charm fireits roar and rumcauses men to weary of the struggle for existence and seek repose in the engry waters.
That there is something in this theory me one who has sat alone on the hrink of the English Spavin Liniment removes falls and listened to that drury, mournful all hard, soft or calloused Lumps and yet coothing melody and watched the waters Blemiches from horses, Blood Spavin, twist and twirl and toam will deny. It is the experience of nine-tenths of the vicitors

summer season, when the parks and islands picked up by the fishermen about Lewiston and Youngstown, five miles from the

falls. The river here is as smooth and as placed as a mill pond, and moss of the replaces while drifting slowly toward the lake. Not only in summer does Niagara grind out the lives of the weary, but in winter also, amid snow and ice, many fling themselves into these jaws of death seek-No one will dispute, either, that Niagara

is not a good place for a person contemplating suicide to carry out his plans. I is claimed by people who have made the subject a study to be the finest place on earth to extinguish the flame of life. People go there from points thousands of miles away to take their lives. A bullet may not find the heart and thus cause untold suffering, a blade may not sink deep enough or the point of the steel may not reach the vital spot expected; but with Ningara-one leap and it is all over. There is no halfway business about it; there is no turning backward, no suffering. Before the journey to the rocks below has been fairly commenced all sense has flown, life has been crushed out by the water.

over the falls are never recovered. They drift to the whirlpool, dive down into the twirling waters and disappear forever. It is known there is a subterranean channel connecting the whirlpool and Lake Tavern-P. J. Fahey, Elgin; T. Ontario, but where this underground Huge logs have frequently been seen to be set on end and the next moment sucked

A Joke Costs Two Lives. Not only is Niagara noted for its suicides. but tragedies, bloody and mysterious, and appalling accidents, as well. One of the saddest affairs that is recorded here occurred in June, 1876. At that time a party consisting of Charles Johnson, wife and child, the latter a bright little fellow of 5 years, Mr. Johnson's brother Albert, and Mrs. Johnson's sister, all of Detroit, visited the falls. They had made a tour of Tavern-J. Church, B. Shields, W. Goat island and were taking in the sights H. Beach, W. S. Liloyd, Neil McCar- on one of the Three Sister islands—the one that seems to stand right out in the middle of the stream and when looking up at the tumbling waters appears as if it must the The board will meet again on next instant be swept away. On this island Thursday next when they will con- overhanging the river and at a point where sider applications from Rockport and the current seems to run swiftest is a hest, but no one who visits the island feels satisfied until he had climbed upon it. All of the Johnson party had viewed the scenery from the rock save the little boy, whom LAKE St., SATURDAY, April 19 .- it was thought prudent to leave behind. As spring has come it reminds me of He begged so hard to be taken upon it, fishing time; but alss! our Sucker though, that Albert finally picked him up other clubs with a view to arranging Brook, which derived its name from in his arms and carried him over it. It was the abundance of suckers that used to frighten the boy, held him at arm's length penetrate its course as far as navi- over the rushing water.
