THE LYN HOUSE.

A Modern Hotel, Conducted in First-class Style
by M. B. Stack.

Two years ago last February Mr. B. Stack came into possession of the hotel property in the thriving little village of Lyn. For several years this house had been under the management of parties who had not given that attention to the wants and requirements of the traveling public that they should, and as a consequence the reputation of the house, as a home for the time being of those who on business or pleasure had found occasion to call there, had become lowered in their estimation. The property belonged to a man living in the western part of Ontario who seemed unwilling to expend anything in the way of improvement or repairs. Consequently when Mr. Stack took possession he found the buildings in a dilapidated condition and a strong feeling arose in his mind to improve the place and to give it the reputation of a first-class hotel.

A pearl granite monument recently erected from Aberdeen, Scotland, by A. E. McLean is well worth seeing. The pedestal is carved in high relief and is of the finest quality. A. James, High St., Athens, has a second hand spring wagon in good order capable of carrying 1200, or 1500 lbs. for sale or exchange.

See W. F. McNeil's announcement about farmers in another column. These farmers have given the very best satisfaction wherever used. Ask your neighbors who have a Copp furnace, how they like it.

One of the finest views on Charleston lake is that obtained from the veranda of the Lake View House. Under the popular management of Mr. and Mrs. How this house promises to be a favorite resort for the people of the vicinity.

Admission expected to be held on the 20th, and a fair amount of a nature of the day.

Several owners of dogs in Athens are likely to get into trouble for not paying their dog tax.

Chas. Flood has departed for Syracuse. May be seen in place.

Mr. E. Kelly, of the Montreal Stage Company, is expected at his brother's.

Mr. Geo. Leeder, Sr., is a successful and honest cheese collector.

Next year the Methodist Conference will be held in Kingston.

There are now hopes of the new recovery from the stroke of paralysis which prostrated him on Jan. 20.

A number of the boys indulged in a riot on Thursday evening. It was a very violent attempt at causing a riot and the police were much worried. A number of the boys were arrested.

Under the auspices of the ladies of the English Church congregation at Addicks, a "saloon social" will be held at the residence of Mr. and Mrs. R. Davis on Friday evening, June 25. Admission to grounds and tea, 25c.

Dominion Day will be celebrated in Athens by an entertainment to be given by the Council of Chosen Friends in Ashwood Hall on the evening of Saturday, July 1st. The programme will be musical and literary and the excellent local talent will be assisted by Miss Irene Mallory, of Brockville.

Pierce & Holbrook, now of Newboro, have been in Athens for the past few days completing the improvements recently made to the Gamba House by converting windows into double doors to afford access to the fine double veranda that runs along the east side of the hotel.

The lawn party given by the R. T. of T. on Wednesday evening last was in every respect a great success. The night was just suited for the event—calm, dry, warm—and there were nearly 300 present. The arrangements of the tables, etc., on the lawn were excellent and the committee having charge of the illumination did their work well. Music was furnished by the Athens Quartette and the Harmonica, and very good music it was, such as to excite the admiration of all present. The Japanese fan dance, from lack of practice, it was not so good as when first presented. It was watched with pleased interest by the large audience. The young people enjoyed a grand promenade, the rest of the Doctor's lawn being reserved for the execution of the dead march. The refreshments served were first-class, and there was really nothing lacking that would add to the pleasure of the evening.

The Methodist Sabbath school picnic at Charleston on Saturday last was a successful affair. Comfortable rigs were provided for conveying the children to the lake, which included the fine band wagon brought here by the Gamba House baseball team. Refreshments were served in the beautiful grove lying between Cedar Park and High rock, and the day was spent very pleasantly, bathing, boating, etc. Not a single mishap occurred to mar the pleasure of the day.

With the third part of "Omaha," the work of the French astronomer Flammarion, which appears in The Cosmopolitan for July, the reader is able to grasp something of the great purpose of the author. "Omaha" is declared by those who have read the entire work to be one of the most remarkable writings of the century. While pretending to be a novel, it is a work having a deeply philosophical purpose, as is more fully developed in later chapters. It is something that no fairly intelligent person can afford not to read and is surely destined to become a classic.

The Present board of trustees in agitating the removal of the toll gates in the townships of Grenville county and have every prospect of success. They have also taken up the question of a free market and will petition the council for the removal of all fees in that connection.

During the hot days last week J. H. McLaughlin, of the Great Bargain House, came to the rescue and distributed trees of charge a large number of handsome fans. One side of the fan bore the picture of a beautiful young lady and the other side informed the public that he would sell for cash only the fan. Both sides properly waved helped very materially to lower the temperature.

FRIDAY, June 16.—The post office and Mr. E. Eaton's tailor shop are looking very nice, owing to the new coat of paint they received last week, but if those painters would like to see some very fine work in that line we would call their attention to R. W. Copeland's hotel, and also to Mr. Mackay's store. Johnny Adams got a lack seat from even his old employer.

We would advise Bob after this, when he goes in or on the water, to take a ropie and the one on around his body and the other to the boat-house. He is rather young to get very far from shore, and should not be out alone. He will miss his wife very much.

The path master has seen that a good job has been done in repairing the sidewalks in the village. A traveller can walk along now without being afraid he is going to have his neck broken.

We understand that Mr. Joseph Withers has covered his connection with this little town and gone to Watertown. We wish him every success.

IT TASTES GOOD

One reason why *Scott's Emulsion* of Pure Norwegian Cod Liver Oil and Hypophosphites of Lime and Soda has had such a large sale is because it is "Almost as palatable as milk," but the best reason is that its curative properties are unequalled. It cures the cough, supplies the waste of tissues, produces flesh and builds up the entire system.

Scott's Emulsion cures Coughs, Colds, Consumption, Scrophulous and all Asthmatic and Wasting Diseases. Prescribed by all the best Physicians.
