WINTER UNDERWEAR

We are at last commencing to have weather more like winter and to feel the need of heavier clothing. We are well prepared for the demand, and have the fullest stock of Men's and Women's Underwear in Brockville. We have two special lines-a line of German Underwear, the special characteristic of which is its extreme softness, soft as down, will not scratch, and almost unshrinkable. Another is a line of Canadian Underwear, better than any Scotch goods imported, all wool, yet almost impossible to shrink them. These are two lines that sell whenever shown. We have them in Men's, Women's and Children's. We keep Men's heavy Undershirts from 25c up, and Women's vests

There is a legend in Rhineland that once upon a time a giant fortress was besieged by an enemny whose rdinance consisted of a solitary cannon. Shouts of laughter greeted the besiegers when this unit of artillery opened fire, but the gunner kept steadily pounding away at a single spot in the ater wall. Inside the castle the knight's merriment grew wilder. till day after day the firing went on until at the end of a week one stone was shivered, in a month the stone behind it was pulverized, and in ten months a breach had been made wide enough to admit
