Bellefleur Intelligence, Nov. 18 "There is sleighing in part of Prince Edward. En route to Millford yesterday, Mr. L. W. Youmans drove through snow banks two feet and three feet deep near Cover's hotel. At Millford the dust was flying."

Our Friends Abroad. To myriads of people it will be good news that there is to be a Christmas number of the Montreal Star this year. All over the world the Santa Claus spirit gets into the air at the beginning of December, no matter whether times are good or bad. Friends away across the seas, over the broad prairies or even at nearer distances, look for a message, and glad will thousands be that we are to have a glorious Christmas number of the Montreal Star laden down with fascinating gems of art.

A Cold Winter. Prof. W. H. Smith, of Montreal, in his planetary almanac says we are approaching another cold dry winter, but not so cold as in 1892-93. The prospects for rain and snow are better. There will be more precipitations this year. The forecasts for January and February are:

January—A cold month, with considerable downfall. Snows and rains in northern and eastern, considerable rain in southern sections. Snowfall in the Northwest about or perhaps below the average. The "January thaw" looks like being a marked feature. The coldest "dips" appear most likely towards the middle and during the last few days of the month. Severe storms over the North Atlantic.

February—A cold month. Mean temperature in Canada and the Northern States below the average. Precipitation about or below the average for February. Some severe storms, and rapid changes of temperature, causing alternations of floods and "freeze-ups." The dreaded tornado is likely to be heard from in the Southwest early this year.

Another View of Manitoba. Editor Athens Reporter.

DEAR SIR—I noticed in your last week's edition of the Reporter a paragraph concerning Manitoba and her crops, having Mr. J. A. Sherman as its authority. Of course it is a mistake for a man to expect a crop when he doesn't put it in the ground. Mr. Sherman lost 80 acres of grain. Why? He went across the Souris and sowed it on sandy land and on the breaking. Some men think they should have a crop by simply scattering the seed over the prairie. The crops of men of this stamp are the majority that turn out failures. I was in Manitoba eight months this summer and cannot see anything to hinder any man from doing well there. But he must work and put in his crop good, he cannot reap what he does not sow. It is a mistake for a man to go to Manitoba expecting to find money growing on the bushes. He must earn it and if he wants to start on a farm he can get a good start for less money than he could here.

The wages for 8 months in the year are always good. In harvesting and threshing wages are about \$40 per month. Hoping this will not take up too much room.

I remain yours truly, ALEX. TAYLOR.

English Sperm Liniment removes all hard, soft or allowed Lumps and Rheumatisms from: Blood Spavin, Curbs, Splints, Ring Bone, Sweeney, Stiffes, Sprains, Sore and Swollen Throat, Coughs, etc. Save \$50 by use of one bottle. Warranted by J. P. Lamb.

REUMATISM CURED IN A DAY.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. The disease immediately disappears. The first dose greatly benefits. 75 cents. Warranted by J. P. Lamb.

Rebecca Wilkinson, of Prowsdale, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia and Indigestion until my health was gone. I bought one bottle of South American Nervine which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy." A trial bottle will convince you. Warranted by J. P. Lamb.

A Keene Lady. A lady named Mrs. T. O. M. Humphries, living in Keene, Ont., who used only two bottles of Membray's Kidney and Liver Cure, has forwarded a statement to the effect that it completely cured her of inflammatory rheumatism, kidney and liver trouble. Such a complication of diseases yielding so quickly to this remedy should encourage sister sufferers to give it an honest trial.
