Rises Until He Handles Thousands and Secs Millions -One of the Most Remarkable Life Histories of Modern Times-A Cadadian Who Has Fallen From a Giddy

4 it, J. Seymour, aud't 5 60 Eras us wiman uas had one of the most remarkable careers of any man of this age. He i as been an indefatigable worker and a man in whose bosom hope seemed to sping eternal Nothing seemed to be able to discourage bim. Nothing seemed to be too great for him to undertake. He 3 00 | was a Canadian born and he never had foresworn his-cit/zenship. His birthplace was a village near Toronto, where he first saw the light some sixty years ago. His parber ..... 144 81 ente were very poor and during summers he

ERASTUS WIMAN.

had to work in the kelds so that in the winters he could get such so nt education as the local school afforded. He was a newsboy on the streets until he was fitteen | Bonds of Staten Island Cricket and years of age and then he went to work in a printing office, where he got \$1.50 a week. | Total. He drifted from typesetting into writing on the markets and finance for the Toronto street commissioners 499 61 Globe. His fame as a market man spread so that when R. G. Dun & Co. wanted to John W. Mackay's daughter, who is gentine little Alphonso must be pardoned if he start a branch of their commercial agency in Toronto, in 1861, the agency was offered to Mr. Wiman, and he accepted it. Four 1893 ...... 1246 40 | years later he came to the New York office. He insisted on the firm branching out its business and carried out this policy until R. G. Dun & Co. instead of having six-

teen agencies had 105. 80 00 Years ago Mr. Wiman became impressed with the belief that there was a great future in store for Staten Island. He went there to live. He bought land there. He built houses. His idea of the future of the island B. W. & S. R'y . . . . 301 25 | was not only that it would become a great Co. assessment, '93 252 00 place of residence, but that it would be a go at commercial territory, a point at which Mrs. Langstaff . . . 1 26 | would be handled a tremendous commerce,

Bal, cash on hand. . 890 91 He thought that Staten Island was the natural terminal for the Baltimore and \$4238 64 Ohio system. He wanted to see rapid transit established on the island. He This is a correct copy of transactions wanted to see it lighted by electric light. of business and we find the books He wanted to see it made easier of access 00 correct in every way and the above by lines of the finest ferryboats. He even amount of cash on hand ending with dreamed of the day when, by tunnels, it would be connected under the waters of the harbor with Brooklyn and New York City. Not all of these things has he seen realized, but as he thinks over the past in his prison cell now, he must think of the great deal that has been accomplished in Staten Island's development largely through

his own energy. AYR, SCOTLAND, Feb. 22, 1894 On Staten Island, at St. George on the Hill, high above the waters of the bay, he built for himself and his family a colonial My DEAR SIE. - I have only a few mansion, and then planned and waited 17 00 moments at my disposal before larving and worked for the boom. THE LATEST FAD.

Microbes and Disease Gurms Mave Bacoma Parior Talk. It has become very fashionable newsfays to talk about microbes, bacteria. discase germs, etc. Everybody is on the alert about them. The reason for this is that scientists have discovered that almost every disease has its own special germ, and if that germ fails on favorable soil it grows, like any other seed. That is why in times of spidemics peo-ple are so careful about cleanliness, so be eaten goes up into a tree, at the foot these germs may not be carried from one of which are gathered the relatives and place to another, and so that even the friends of the family. The strike the wind may not blow them here and there. Strangest of all the discoveries about funeral hymn. Then the old man de-Dr. Sternberg, proving that many of

themselves, only waiting favorable epportunities for development. Thus the germs for pneumonia are in your own mouth, waiting to go down into the lungs when your vitality is reduced. The germs for lockjaw, too, are everywhere about, only they cannot come to anything if there is plenty of oxygen about, oxygen burning them directly up, which is why a deep though small wound will cause lockjaw, when a wound near the surface will not do so. All this proves now important it is to keep well, so none of these germs have a chance to grow. The assets, exclusive of real estate, while A doctor told me he had seen some of having a face value of \$901,390 had an actual these germs introduced into the blood When the blood was healthy it didn't mind the germs any more than a boy minds a snowball; the germs disappeared. When the blood was not healthy the germ affected it, changed its color, etc. After this no one will feel like saying they caught a disease from anybody else, seeing that it lay in themselves all

> wanting to do when things go wrong. A Naughty King. If all the stories are true which are told about the little King of Spain, he must be a very willful little boy indeed and quite determined to have his own way in everything. One cannot greatly blame the little king for his wayward ness, because the rules of his country .\$001,300 | are such that the word of the king is law, in many things, whether the same king be young or old, little or big.

the time. So there will be no reason for

blaming other people and outside con-

ditions for the troubles we have in our-

selves, something most of us are always

is a "spoiled" child. One day Alphonso and his governess were out driving, when suddenly the governess noticed that the little king LAUNDRY & HOUSEHOLD was not acknowledging the salutes of his subjects. "I am too tired to bow to them," ex-

claimed he, pettishly, "and I am not going to do it." "But you must acknowledge their salutes," insisted the governess, "because you are their king, and it is one of the customs for a king to bow to hi "I shall not bow to them!" exclaimed

Then you cannot drive in the carriage with me," replied the governess, kindly but firmly, for she feared that Alphonso would offend his subjects. "Then you may get out and walk!" exclaimed the naughty little king Then, calling to the coachman, he cried: "Halt, Carlo! This lady wishes to go on foot."
