NEWSPAPER CRISIS

The Assembly Meets Under the New Administration.

GOODRIDGE'S PARTY DEFEATED

The Whiteways Move a Want of Confidence Motion—The Usher of the Blackrod Refused Admittance While the Debate

in Progress.

St. Johns, N.B., April 16.—Saturday's parliamentary proceedings were unprecedented. Goodridge's Cabinet was sworn in in the morning. The Cabinet advised the Governor in the afternoon and the Governor agreed to preliminary propositions, to continue until all the necessary White Paper documents were ready, or until the expiry of the revenue bill renders necessary capitulation of Whiteway's demand for dissolution.

Assembly met at noon on the announcement being made of the formation of a new ministry. The Hon. Mr. Whiteway moved a vote of want of confidence in the new Ministry, and made a lengthy speech, and was supported by Mr. Morris, a colleague.

The debate was not concluded when the Usher appeared to summon the members of the Assembly to attend the Upper House, where the Governor's Commission, Hon. Edward Shea, president of the Council, presented a motion to formally prorogue the Legislature. The Whiteways then adopted a resolution refusing admittance to the Usher until the Assembly had concluded its deliberations. The doors were closed and the Speaker endeavored to refuse the Usher's admission. The debate on the main question then continued, and the result of want of confidence was passed. The Whiteways then decided to present their decision to the Governor immediately, their aim being delay and prolongation. The Goodridge party, however, proceeded to the council, where prorogation was finally accomplished. The Whiteways were refused from visiting the Governor, and refused to accept of the vote by the Clerk. The Governor was indignant at the affront put upon him, and returned no answer. The Speaker then visited the Governor, who expressed himself in strong terms at their action.

The new departmental officers assumed their duties today.

CANADIAN CATTLE IN ENGLAND.

Prospects for the Speedy Removal of the Scottish Embargo.

LONDON, April 16.—During the debate in the House of Commons on the subject of removal of the embargo on Canadian cattle, Sir William Vernon Harcourt, Government leader, said he was now prepared to favor the admission of Canadian cattle which, as a matter of precedent, had hitherto been so long prohibited.

Mr. Chaplin said the House would probably like to be informed as to the intentions of the president of the Board of Agriculture. Mr. Gardiner in reply said he had already arranged to answer that question fully next week.

Mr. Chaplin said it was believed that if the restrictions now placed upon the importation of Canadian cattle were removed it would mean a loss to the farmers of the population of Great Britain of at least twenty-five per cent. of the value of their live stock.

A Storekeeper Charged With Fraud.

MONTREAL, Que., April 16.—Hiram Silverman, of Westboro, Ont., a merchant and general storekeeper, is now a inmate of the jail here on a charge of embezzlement against him, besides two copies. Silverman was arrested in Salisbury on Thursday morning, and is charged with embezzling \$147 worth of goods. But it is claimed that the total amount of fraud was \$1,000 and \$5,000. When he came to Montreal to buy goods he claimed he had lots of money, and goods were sent on. When the time came for payment there was no money, and on investigation it was found that his property was in his wife's name and that he had given a chattel mortgage to his brother for all the stock in the store. The first was made in 1891, Silverman was caught by surprise, and he was at once brought before a magistrate in order to be transported to the Montreal jail, but did not arrive here in time as the Canadian Pacific train was fifteen hours late. Silverman was brought here on a special train, and stood his trial on the above charge.

Farmer Induced by Gas.

GALT, April 16.—William Taylor, a farmer from the vicinity of Glen Morris, came to town on Saturday night and put up at the Market Hotel, being consigned to a room on the third floor. Yesterday morning a strong smell of gas was noticed on that floor, upon investigation, the door was burst open, and Taylor was found lying across the bed, and the room was filled with gas. Mr. Thompson, night porter, showed him to bed the night before, and explained the working of the gas.

Fire in Ashburnham.

ASHBURNHAM, Ont., April 16.—Last night fire broke out in a storehouse belonging to the firm of Messrs. Galt & Co. The storehouse was situated on the corner of the street, and was a two-story building. The fire was caused by a gas lamp, and the storehouse was completely destroyed. The loss is estimated at \$10,000.

Constable James Stewart Dead.

OTTAWA, April 16.—Constable James Stewart, one of the best of the force of the Ontario Mounted Police, died at his home in Ottawa on Saturday night. He was 45 years of age, and had been in the service of the force for 15 years. He was a native of Scotland, and had a long and honorable career. He was a member of the 1st Battalion of the 10th Regiment of Foot, and was wounded in the Crimea. He was also a member of the 1st Battalion of the 10th Regiment of Foot, and was wounded in the Crimea. A Sunday Morning Feud.

OTTAWA, April 16.—Wm. Smiley and others, who were engaged in a dispute with the police, were arrested on Sunday morning. They were charged with disturbing the peace, and with using force against the police. They were held in custody until they could be arraigned in court.

Mr. Wood (Hastings) moved for a return showing the persons employed in each riding division for the last three years, giving names and dates of engagement, length of time employed, character of service and the amount paid to each person so employed.

Mr. Wood moved that the motion be made of wider scope and it was allowed to stand.

Hon. Mr. Gilman's bill to amend the Registry Act, and to provide for the registration of mortgages, was introduced.

The Attorney-General's bill enabling boards of trade to appoint general arbitrators for the settlement of disputes, was introduced.
