formidable tomabawk and scaiping form movement which has swept over claimed for them." knife, and leading a black and tan Boston, Dr. Freeman has been fre-"perp," loaned for the occasiont his quently heard from through the variaspect partook much of the brave of old, our newspapers, and although a restso graptically portrayed in works of dent of a comparatively recent date, he fiction. Charlie Stagg, of Brockville, has exerted much public influence, him to a front place in the annals of the vice of great cities.

Charlie's, so much so that they were dubbed "The Twins" by the rest of the party. As an able-bodied and willing helper, his place would be hard to fill in any party. His old sobriquet of "The Ploughboy" still follows him on this occasion. Pete Martin, Addison, was a new acquisition to the party. Short of stature, with broad, well proportioned shoulders, he proved a valuable help to the boys on all long and arduous portages. Six good long-eared "yelpers" were taken along to stir up the game, and a long box contained the fire arms, which consisted of as fine a lot of Winchester repeating rifles as were ever taken to the woods. We digress here to say that the Winchester rifles seemed to be the favorite arm used by all the hunters with
