Telephone: 613-928-2251
Offices - County Road 8

LEO WYKES
Road Superintendent

SHIRLEY BRYDEN, A.M.C.T. C.M.O.
Clerk-Treasurer

By P. Tackaberry & A. Greenhorn

An excellent report was given by Larry Fry, chairman of the Environmental Conservation Committee and the budget for the coming year was approved. We are hoping that this committee will report on their activities in the North Leeds Lantern so everyone will be aware of the splendid contribution made to our township by these volunteers.

The computer program is being expanded to include the Building Department. Grants are available for this purpose.

Watch for your Waste Disposal Booklets - they are in environmental green this year. Also if you are disposing of any building/construction materials read the new regulations.

We are delighted to have Tracey Hudson, St. Lawrence College, as a placement student working in the office for two weeks.

The first draft of the Rideau Lakes Water Study is ready and the Committee is discussing it. Important seminars are being offered and members of staff and council are planning to attend. One is on Development Charges, another is a workshop for Tax Collectors.

A request has been sent to Ontario Hydro for any free advice re: energy saving at the Municipal Office and the Township Park.

Water and Earth Science Associates have completed a report on the Portland Waste Disposal Site. The government requires this, but we do get a grant toward the cost. Because of all our recycling efforts, the life expectancy of both waste sites has already been increased. The tipping fees almost equaled the cost of recycling. Money was saved as the 45,690 pounds of material recycled did not have to be covered and left more space to extend the life of the sites.

A committee has been

formed to investigate possibilities for usage of the Delta Town Hall. This resulted from a meeting of interested parties of February 6th. A questionnaire is to be sent to residents of Delta and surrounding area for input into the study and a public meeting will be held later in the spring. Plans are underway to reinforce and carpet the floor in the Portland Library.

Happy St. Patrick's Day!
Happy Easter!!
See you next issue on All Fools Day!!!

COUNCIL MEETING,
February 4, 1991.

-Approved voucher General \$18,640.27, Fire Dept. \$2,230.73, Park Dept. \$76.48, Building Dept. \$375.14, Road Dept. \$39,109.74, Planning Dept. \$472.34, Waste Disposal Dept. \$2,457.40.

TO ALL RESIDENTS OF THE TOWNSHIP OF BASTARD AND SOUTH BURGESS

Your 1991 interim tax bills have been mailed and the due date is March 25, 1991.

Enclosed with your tax bill is the 1991 "green" pass book for entrance to our waste disposal sites. Beginning April 1, 1991 the pink pass book will be no longer valid.

There have been two new regulations for 1991:

a) Those depositing renovation and building debris (e.g. shingles, wallboard, used lumber, cement building debris etc) must have a permit and pay the licenced hauler rate (this includes 1/2 ton truck, vans, trailers) - minimum fee \$12.00

b) A surcharge of \$2.00 each to be levied for tires.

Please read your booklet for all information pertaining to the waste site regulations and hours of operation.
