

YOUR COUNCIL AT WORK
 Bastard and South
 Burgess P. Tackaberry,
 A. Greenhorn

Election is over; your decision is made. Some faces will be gone and some new ones on the scene.

The public meeting for the Official Plan Update was held on November 6, 1991. Only 30 interested people were present, but it was heartening as this was 5 times as many as attended the previous session. There was some discussion over lot size, but the majority supported the changes proposed.

Plans for the Hazardous Waste Disposal are progressing favourably for a joint effort with other municipalities, probably in May, 1992.

From July 9th. to September 17th, eight big blue recycling bins and five corrugated cardboard bins were filled and removed by T.C.L. This was a total of 68,604 pounds that did not go in the waste disposal site. Thanks for helping!! By inspecting the site it is evident that much more can be done - please do your part.

By now you have all heard that Bastard and South Burgess has now

become one of the multitude of municipalities with a gasoline contamination problem-some of it probably as a result of businesses conducted nearly half a century ago. Steve Matheson of Nepean Pumping Service gave a detailed report to Council. We are very fortunate the problem had not spread further. This was an excellent example of co-operation among officials and workers. Council is investigating all avenues for any compensation available.

This will be Phyllis Tackaberry's last column as co-reporter. I have thoroughly enjoyed working with her and her common sense and outstanding sense of humour will be greatly missed. She is a terrific person and we all wish her well in her (supposed? retirement?) Knowing Phyllis, she will be just as busy as ever. When some of those hard decisions have to be made, I'll envy her being on the observer's side. Happy days Phyllis.

Anna

This is my last column as one of your "reps" on Your Council At Work. It has been

fun doing this column even if every month it was a rush to meet the deadline which was directly after the second council meeting of the month. This made us feel like real reporters. Because the full agenda of Council meetings are also published in the Lantern, we tried to give a light hearted version of Council duties. Perhaps that was the reason so many candidates ran for office this year!! Tough luck successful candidates!! It is not all fun.

I really enjoyed my two terms on Council

(well most of the time!) dealing with your problems. It really does help to have a sense of humour when in public life. The greatest joy was meeting so many nice people and making so many new friends. Thanks to each and every one for supporting me for office. I am not totally retiring to my Plum Hollow corner, because I intend to stay involved in the life of our beloved Township. So my swan song will be "I'll be seeing you".

Phyllis.
