

## THANK YOU

*The Directors & staff of the Lantern are proud to announce that we have received The Scotland Funeral Home Grant, a community service of Scotland Funeral Home. The annual \$1,000.00 grant is given to a service organization which provides community programs that benefit the people of the North Leeds Region. We are also very grateful, ever increasing production costs and the need to replace equipment have exhausted our small financial savings. Thanks to the care and consideration of David Scotland in initiating the grant we will be able to continue offering very reasonable advertising rates to residents and advertisers of North Leeds.*

**"Today is our anniversary."**

Thirty-five years is a long time to be with another person. We've learned a lot about ourselves, and I think one of the biggest things we learned is the importance of considering the other's needs.

That's why we preplanned and prepaid for our funeral services. We want to be prepared and didn't want to worry about having to make plans later. And our family will know we cared enough to make arrangements now.

We love each other just as much as we did 35 years ago. And preplanning is just a way we show how much we still care.
