

TOWNSHIP OF BASTARD & SOUTH BURGESS

YOUR COUNCIL AT WORK - BASTARD AND SOUTH BURGESS

The Challenge of Change was the theme of the O.G.R.A. Conference this year - and what an appropriate topic for the times! Those of us who attended came home with a wealth of ideas and information. There were explanations of and updates on many issues resulting in more work for Council as some policies must be revised, and some new ones written and implemented. As representatives we were made aware of many facets of problems as we listened to presentations ranging from "The Tax Revolt" to the "Round Table Discussion on Transportation and the Environment". As Councillors in a rural municipality, we must ever be alert to decisions made which do not take our circumstances into consideration. All agreed this was a most valuable and informative session.

The Fire Chief reported that a detailed questionnaire will be mailed to every resident of the municipality requesting information re: the location and structure of each building on his/her property. The Fire Department of Bastard and South Burgess is embarking on a project to make it easier to locate properties in the Township. This will assist the Fire Department as well as Police, Ambulance and general public. They will be putting together a road and house numbering system. Each house or property will receive a number and each road will be numbered. Watch for your questionnaire and be sure to complete and return.

The L.A.C.A.C. has been hard at work on the project of a walking tour of Delta. The brochures are ready for printing and hopefully will be available at the Maple Syrup Festival. A reminder - the annual fall walking tour will be in Portland this year on September 13 (rain date, 20th). These tours are always most interesting for

the wealth of information given by our most able guide, Chairman, Doug Bond, and by other members of the team plan to join us.

The M.N.R. seminar for Evaluators will be attended by our Sheep and Cattle Evaluator.

June is designated Seniors Month. The Bicentennial Committee has been appointed with Phyllis Tackaberry, Judy Rogers, Diane Haskin, and Myrla Saunders as members at large and Howard French and Anna Greenhorn as Council representatives. Council has been very pleased with the responses received from the advertisement for members for the Committee of Adjustment. We thank all those who responded for their interest. The appointments will be made within the next two months.

For those of you living closer to the Smiths Falls area, as of April 26th. the Via Rail Train leaving Ottawa at 6:00 A.M. will stop in Smiths Falls. Your Council was one of those that supported this request.

Due to the increasingly long agendas and the amount of special meetings needed to address all the business, concerns and projects in the municipality, it was necessary to refine our rules re: delegations. Yes, you are welcome, yes, you are encouraged to attend Council meetings. However, if you wish to be on the agenda, please note the following resolution "Persons desiring to present information or make a request of Council, shall give notice to the Clerk, not later than the Wednesday prior to the meeting of Council. The presentation must be in writing and a copy delivered to the Clerk, for enclosure with the agenda of that meeting. The deputation shall be limited in speaking to not more than fifteen (15) minutes except that a delegation consisting of more than five (5) persons shall be limited to two (2) speakers each limited to speaking not more than ten (10) minutes."

A brief reminder - all applications for grants from the recreation committee must be received by April 30th. Forms may be obtained at the

Municipal Office. Keep in mind that accompanying documents (budget, financial statement) are needed. The birds are

returning from the sunny south, here's hoping our weather accommodates them - and us!

RESIDENTS OF THE TOWNSHIP OF BASTARD AND SOUTH BURGESS
