

Library News

I would like to use this months column to remind readers about Film service available through the Library. RLUL does not own any films or videos but has access to a very large collection throughout this part of Ontario. Each branch has a catalogue where films are listed by title and subject. A brief outline of each film is given as well. The variety is amazing. Documentaries, nature studies, travelogues, cartoons and even some old W.C. Fields and Charlie Chaplins are available. With 2-3 weeks notice you could have the material you need for a club program or a quiet evening at home. The 16mm films are free to library members and there is a small fee for videos. The library also has a screen and 16mm projector available.
