

Cancer Can Be Beaten!

CANCER CAN BE BEATEN - WITH YOUR HELP!

Each year at this time thousands of volunteers across Canada begin to mobilize for the annual door-to-door cancer campaign. This year, the fiftieth anniversary of the Canadian Cancer Society's dedication to the fight against the disease, is no exception. This year, as in the past the Society will do all it can to raise money for research, public education and service to patients.

Locally, Ron and Marlene Dobson who have been coordinating the campaign for the Rideau Branch for the past eleven years have begun to get organized for the April campaign. Ron and Marlene recently attended the Annual Campaign Conference in Toronto. "It was well organized and well attended by over four hundred volunteers from across the province" they said. This is always a highly motivational, very inspirational conference. Cancer can be beaten and the battle against it is being won as the many speakers at the conference indicated.

"The success of the April campaign is so dependent on the many volunteers at the local level," Marlene said. "We have been so fortunate in that so many of the volunteers that were working for the Rideau Branch when we became involved are still helping out," Ron added. If you are interested in helping out with the local campaign, please phone Marlene and Ron at 359-5391 (work) or 359-5786 (home) or phone any of the area captains:
