YOUR COUNCIL AT WORK Bastard and South Burgess -

P. Tackaberry & A. Greenhorn

Once again Council returned to school, this time at Rideau Centennial. Staff and students observed part of the meeting and asked many thoughtful questions on a wide range of topics. A film and presentation by Water & Earth Science Associates generated much interest. In the spring, Rideau Centennial will be working on a recycling unit and will be taking part in a poster contest sponsored by the Environmental Conservation Committee of the Township. Beverley School has just participated in this contest and the students posters are displayed in public buildings around the Township. Be sure to read the accompanying article on recycling week by Lois Mowat, Recycling Week Activities Co-ordinator. As well as Reeve Ostrom your two authors were at Beverley School for the presentations and were very impressed with the enthusiasm and dedication to the 3 R's by staff and students. Also, thanks to Lois Mowat for a job well done.

Council, for the convenience of the users, has decided the recycling bins at both sites will be open on Saturdays as well as Tuesday at Portland and Thursday at Delta. PLEASE NOTE - two days were incorrectly reported in the last issue of the North Leeds Lantern.

Members have been appointed to two Committees to meet with Portland Community Board re: Library Relocation and Water Access to the Rideau.

Mapping has been completed to number all private access roads to the Township roads. Signs have been ordered and will be installed at the earliest feasible time. More information will be forthcoming. This is being done for the convenience of the ratepayers to easily identify their location for emergency calls to fire department, police or ambulance.

As usual, staff and councillors have been busy attending seminars and

demonstrations. One of these illustrated the use of a 33 ton shredder that made your garbage practically disappear. In record time a house and contents would be reduced to a small pile of debris which fit in two waste bins. A glimpse of the future - but a future financially out of our reach!

To all of you from all of us "A Very Merry Christmas and a Bright New Year", when you will hear from us again.
