Clerk-Treasurer

LEO WYKES
Road Superintendent

Your Council at Work -
Bastard and South Burgess

P. Tackaberry and A.
Greenhorn

Several people have called questioning the beautiful afternoon spent on the lake shore mentioned in our last report. Sorry, we should have explained it was concerning severances on a lake. Council felt an on-site inspection was necessary as we did not agree with the (strictly office!) decisions of the other agencies involved.

Because motions of Council are being published, we will try to detail some of the business.

At the first March meeting we suffered from having only one meeting in February, due to many other commitment and committee meetings. Approximately seven hours were spent with delegations, leaving the lion's share of the business for the second March meeting.

The response to the driving tours compiled by L.A.C.A.C. was so favourable that it is necessary to reprint. This ambitious committee is now considering producing walking tour brochures of Delta and Portland.

A final report on the Water Abatement Program in Delta was presented to Council. The Pay Equity Committee met three times, one of these was with Spencer Hope from the Ministry of Municipal Affairs. So far, the work is "on stream", but a tremendous amount remains to be done.

Committees of Council have all been formed and are meeting regularly. The volunteer members of these certainly work hard to make our Township a better place to live for everyone. Council is planning a fun night to show appreciation for all their efforts.

Don't forget to support the Delta Maple Syrup Festival. 'Til then, keep out of "sticky" situations.

Township of Bastard and South Burgess
