THE HEART FACTS

Q. Is exercise important in preventing heart attacks?

A. Yes. Regular exercise is part of a healthy lifestyle. In a physically fit body, the heart, lungs and blood vessels work more efficiently. It helps control weight and helps manage your stress level too.

For more information on these or other facts, please contact your nearest office of the Heart and Stroke Foundation of Ontario.

THE HEART FACTS

Q. Is there a direct link between smoking and heart disease?

A. Yes! Smokers have a much higher risk of dying from heart disease and stroke than non-smokers. Smoking accounts for thousands of deaths in Canada each year.

For more information on these or other facts, please contact your nearest office of the Heart and Stroke Foundation of Ontario.
