FEATURE OF THE MONTH

# La-Z-Boy®

Canada Limited

- Patented, removable back is engineered for easy moving and transporting the chair.
- Back of chair is hinged to seat with the back reclining independently of the footrest, adjusting to naturally supported individual back comfort.
- Hardwood rocker blocks and two steel rocker springs provide effortless and smooth rocking action for long-life operation.
- Legrest, activated by comfort selector handle, stops the rocking action and adjusts the legrest to any of three positions for maximum reclining comfort.
- Double-doweled, hardwood frame is rigidly constructed, reinforced at all stress points, and backed by a two year guarantee.
- Padding consists of layers of contoured foam, retaining its shape for years of beauty and continued resiliency.
- Independent operation of the reclining, rocking, elevation and tension adjustments provide unlimited positions for maximum comfort.
- Eighteen position elevation control allows individualized comfort by adjusting the reclining angle up to full-bed position.
- The patented mechanism, designed and built by La-Z-Boy craftsmen, is backed by a lifetime guarantee for comfort and satisfaction.
- Adjustable tension control on mechanism harmonizes movement to each person's size and weight.
- mechanism is constructed of fatigue tested steel, coated with oven-baked paint, and engineered for years of rust-resistant and noiseless operation.

**OOOPS PROOF!**
