YOUR COUNCIL AT WORK
Bastard and South Burgess
P. Tackaberry, A. Greenhorn

Council declared April 8 to 14 as National Wildlife Week.

Now to the waste disposal sites. Council is investigating the implementation of a toxic waste disposal program - hopefully we can arrange to have one day in the spring and one in the fall. More news about that when we receive some information. We should soon be hearing from the Ministry re: the agreement signed for the recycling bins, promotion and operation of that program. Waste Site pass books are now printed and these two authors will be busy personalizing them and including them in the tax bills. Questions? Call Phyllis or Anna.

Resolutions are still coming from other townships re: the escalating costs of the Leeds Grenville County Board of Education. Two more were endorsed by this Council and a copy of our resolution forwarded to all concerned.

The road committee has been busy. A fall road tour was undertaken and after conferring with the Road Superintendent, several improvements were planned for 1990. Signing of all roads is being undertaken. This will facilitate ambulance and fire services. Some intersections will be corrected to reduce confusion.

The Ministry of Transportation has reconsidered our Speed Zone Reduction request on Highway 15 for the Hamlet of Portland. They have agreed to reduce the speed to 60 km/hr from a point 100 metres south of Main Street to the beginning of the 80 km/hr zone just north of Cedar Valley Road. We are pleased as this was our major area of concern for pedestrian traffic.

Permission was granted to the O.P.P. to set up a part time location in the former clerk's office in the Old Town Hall, Delta.

Worried about the General Tax Sale(G.S.T.)? Council has decided to host a public meeting for an information session for Revenue Canada to provide a basic overview of the G.S.T. and answer all your questions. Of course, pamphlets and brochures will be available!

Due to the bad weather, most Committee meetings were postponed - seems it always storms on Thursdays. Therefore - no news good or bad.

Council is still arm wrestling with the budget. Although all mini-budgets are not in, there is still lots of work to do.

Spring is coming, sap will soon be running and have a Happy St. Patrick's Day. We'll drop you another line on the first day of spring.
