

**Seeley's Bay Centennial Park Committee**

The Township of Rear of Leeds and Lansdowne have appointed the following people to the Parks Committee: Mike Stanford, Karen Hudson, Mary Peppard, Barb Donaldson, Jane Billings, Peter Roantree, Peggy Sweet-McCumber, Diane Leadbeater.

The committee has been meeting regularly throughout the summer. A priority for the upcoming year is to design a master plan for the park. This long-range plan would outline the need for future equipment and facilities. It would include a detailed study of where these facilities could be located.

There is a great deal of maintenance to be done. On August 9th, volunteers met to replace the seats in the bleachers. In addition, it was decided to hire a maintenance person on a part-time basis. After advertising the position and reviewing the applications, the committee has hired Barry Hartley of Seeley's Bay.

There are many plans in the works: a rink, new playground equipment, upgrading the ball diamond, painting signs. However, the more ideas, the better. The committee would greatly appreciate hearing any suggestions you may have. Please feel free to pass them along to any members of the committee. We will do our best to keep you informed of our progress.

**SEELEY'S BAY LEGION**

As you have probably heard, Doreen and Don Charboneau had a very costly house fire this month. There were no serious injuries but they lost a lot of irreplaceable personal belongings. Well, their friends, and believe me there are many of them, rallied around their comrade and organized a benefit bash for them. It was called "The Double Grand Party for two Grand People". The name was well designed because we raised more than two grand for these very deserving people.
