PLACES TO VISIT

DELTA MILL MUSEUM Delta
LOCKMASTER'S HOUSE MUSEUM Chaffey's Lock
Changing Exhibits combined with Video tapes of Vesteyear make the Lockmaster's House worth several visits through the summer.

FORFAR CHEESE FACTORY Forfar
Watch as our locally produced cheese products are made and take some home as a tasty treat.

THE BAY BARN Seeley's Bay
Housed in an intriguing Barn, brimful with a wide assortment of antiques and memorabilia, visitors can spend hours browsing through the past...and purchase anything from wagon wheels to delicate glass pieces.

LYNDHURST BRIDGE Lyndhurst
This beautiful old stone bridge is a landmark in the area. Crossing a narrow waterway leading into the village of Lyndhurst, its narrow roadway has carried traffic since the days of the horse-drawn stage-coach. A pleasant picnic site is located on the banks of the river at one side of the bridge.

JONES FALLS
A wealth of walks and sights are available at this interesting spot.
BlackSmith's Shop-operated by Parks Canada, this Smithy is a working replica of times gone by. Used in the past to make the necessary tools and equipment needed during the construction of the Canal, the present-day Blacksmith will demonstrate his skills and perhaps make you a small memento of your visit.
Peter Sweeney's House- the first lockmaster of Jones Falls, Sweeney left an interesting diary of his life in what was once an active settlement.

Locks & Dam- The pride of Col. John By's many accomplishments was the dam at Jones Falls. Considering its size and the magnitude of the work done, it remains as a major statement of the capabilities of the men of the past.
The Locks can be viewed from a variety of angles and well kept walkways and steps allow the visitor to "follow" a boat through the series.

DAVIS LOCK- A single lock set in one of the most beautiful and remote sections of the canal (in our area) Visit at sunrise or sunset for a spectacular and peaceful scene.

CHAFFEY'S LOCK- Another single lock crossed by a swing bridge. The site of Chaffey's Mill and the Opinicon Hotel, the parklike setting makes the area amenable to a variety of activities such as picnics, swimming or just resting in the shade of the huge trees while watching the lockmen in action. No-one even minds being delayed by the bridge, as it affords one the chance to visit with the boating folks.

NEWBORO- Lock & Block House.
One of the smallest & oldest incorporated villages in Ontario, Newboro is also the turning point of the canal. The lock site offers a quiet spot to relax and the Block House gives one a chance to imagine the times of old. A Sappers Graveyard is located in the village.

PORTLAND on the RIDEAU- A picturesque village located on the water's edge of the Big Rideau, Portland offers an excellent view of the lake from various points. Known as "Old Landing" its waterfront is still a hive of activity with pleasure craft.

THINGS TO DO

WALKING TOURS:
Newboro Village- Booklets available from Library or Municipal Offices. (unescorted)
Jones Falls- Every Sunday through July & August, commencing at 2:00 p.m. a costumed interpreter from Parks Canada will escort groups through the area.
NATURE/WALKING TRAILS:
Delta-Lower Beverley Lake Park has groomed trail (approx 2 hours to complete whole trail)
Chaffey's Lock- Two walking trails; Beaver & Plantation Trail, (maps available) begin in the village area.
Skycroft- A few miles past Chaffey's. Trails & Nature tone information.
Morton- For the adventurous, walk & climb Rock Dunder. Watch the near-by swamp lands for the Blue Heron.
DRIVING TOURS:
Two driving tour booklets are available from either Libraries, council offices or select stores. Follow around the area and see the architectural development of North Leeds.
