

Eaton Centre, where you can buy practically anything you have ever wanted - providing you can find it! The dear little glassed-in elevators hardly ever work or are too full; the escalators usually do, but they are jammed with screaming mothers and children and other, equally noisy citizens.

As a final exotic touch, though, observe the growing population of rubby-dubbies, winos, and just plain bums of all ages and stages, who have made this palace of commerce their own personal Mecca. Why not? It is a happy escape from the bitter blasts of winter and summer's oppressive humidity. It has become their private haven, especially created for them by the princely Eatons and all the other lords of commerce. Here they can continuously ply their own

monotonous trade: "Say, missus...gotta quarter for me?...gotta dollar for a bus fare...a cuppa coffee....?" (These days, nobody ever asks you to spare a dime!)

Anyway, here are a few observations from a transplanted city lady after six months of country tranquility. City-versus-country living is a subject which fascinates me, so don't be surprised if I return to it in later columns, because I think it has considerable relevance to who we are and where we are going in this complicated, contradictory, but still wonderful world of ours.

TO:  
THE PUBLIC SCHOOL ELECTORS IN THE TOWNSHIPS OF BASTARD AND  
SOUTH BURGESS - NORTH CROSBY - THE VILLAGES OF NEWBORO AND  
WESTPORT:

As your candidate for the Leeds and Grenville County Board of Education - I  
ask you to consider my Record and committment to Education

- I have 13 years experience on the Board, including serving as Chairman of the Board;
- I have worked very hard to establish a high level of credibility, which serves you, my consituents well as I present our concerns at the Board table;
- I am committed to the preservation of the Public School System and will continue to press the Government to update the method and level of Provincial funding for Education.
- I know, that with budget restraints, smaller schools will continue to be studied with a view to cost-cutting: I wish to continue my efforts to include not only the economic, but the Social and Community factors involved in these decisions.

ON NOVEMBER 12 - I ASK YOU TO RE-ELECT
