

LYNDHURST LIBRARY

The Lyndhurst branch of the Rideau Lakes Union Library has completed the move to its new location on the main street, directly across from the general store. The new library is larger, brighter and more central, and is intended to better serve area residents. Hours are as before: Monday 1:30-4:30, Wednesday and Friday 6:30-9:00, and Saturday 10:00-12:00.

Lyndhurst branch is fortunate to have Mrs. Connie Chisamore as librarian. Mrs. Chisamore has been a dedicated employee for five years and has also contributed many volunteer work hours during this time period. With her experience and enthusiasm, Connie is a valued member of the Rideau Lakes Union Library staff.

Membership for a year is 25¢ for adults and 10¢ for children. Summer visitors as well as year round residents are welcome to use all the library facilities - hard cover and paper back books, fiction and non-fiction, magazines, encyclopaedias, films, cassette tapes and an excellent selection of children's books.

Patrons will be delighted with the beautiful new location. A special invitation is extended to those who do not yet belong to the library. The varied selection caters to almost every taste.

Elgin Pharmacy

Mary Klynkramer extends her thanks to Glynn and Irene Guthrie for their kind assistance during her first few weeks in her new business. Mary hopes to continue the high level of service which Glynn and Irene gave to the community.

PHARMACY HOURS

CENTENNIAL

St. Luke's Memorial Restoration Committee has been busily preparing for St. Luke's Centennial in 1982, with an emphasis on parish renewal as well as the restoration of St. Luke's Church building. Half of the stained glass windows in the church have been re-leaded and replaced by Whitby Gather of Kingston. The remaining windows are expected to be removed during July. The committee is pleased with the appearance of the newly-restored windows and invite interested persons to stop in and take a look at them. Plans include additional refurbishing of the building with most of the work to be completed by October 1982.

Several centennial events are in the planning stages and it is hoped that many former members as well as relatives of original founding members will contact us and join with us for as many services and events as possible. Anyone with pictures, newspaper accounts, or historical records which could be shared with us is urged to contact Mr. Gordon Patrick or Mrs. Mary Ellen Moulton at Lyndhurst, Ont., KOEINO. The restoration of the church, including the windows, is being funded through special financial offerings which are greatly welcomed.

The St. Luke's Memorial Restoration Committee is made up of Gordon and Margaret Patrick, Bob and Mary Ellen Moulton, Bill and Sally Stoner, Marion Sheppard and Rev. Don Bailey. Several other members of the congregation are actively involved in recalling, recording and finding relevant historical background information about St. Luke's early beginnings. We require names and addresses, if possible, of former members. So if you ever attended St. Luke's and recall the names of fellow St. Luke's people, write them down and forward them to us. It will be greatly appreciated.
