

Newboro News

Newboro Council received a deputation from the Rideau Crafts. The deputation consisting of Pat McManus, Mary Warren and Margaret Olley, said they would like to hold their one-day Summer Craft Festival in Newboro on Saturday, August 1st, and were at the Council meeting to request the support (non-financial) of the Council. About 25 exhibitors are expected to set up display stands or tables in the village. There may be a display of fireworks as a finale in the evening. Council, by motion, supported the festival. Previous craft festivals have been held at various locations in the area, and all have attracted a good number of visitors.

What is needed now is the support of the residents of Newboro. Residents may be asked for permission to use the front yard, driveway, etc. for a display stand. The festival attracts viewers from all around, and could be a rehearsal for the 2 week celebration in August, 1982 to commemorate the Rideau Canal's 150th year of operation.

FUND RAISING WALKATHON

The Rideau Canal 150th Anniversary Committee is planning a Walkathon to raise funds to support the celebrations. The walk will be from Lakeland School near Salem, through Westport to Newboro Ball Park on Saturday, May 2, 1981. Newboro will be represented by Reta Taylor, Jack Murphy, Doug Burtch, June and Henry Boston and John Brus. The entire North Crosby Council will take part as will Bill and Marlene Thake and others from Westport. This method of fund-raising was chosen rather than requesting each of the municipalities for donations. The distance is 10 miles. You are asked to select the walker of your choice and sponsor him or her with a pledge. The first 2 weeks of August, 1982 will see a hive of activities in this area. With special displays by Parks Canada on the Canal, possibly the RCMP Musical Ride, perhaps a water carnival and much more. Theme flower for the festivities is the sunflower.

LYNDHURST FLEA MARKET CONSERVATION CLUB HALL

EVERY SATURDAY 1 P.M. -- 5 P.M.

BUS.: 928-2073

Newboro council received a letter from the Ministry of Natural Resources stating that the fox and wolf bounty would no longer be paid in Leeds County. Other adjacent counties had ceased to pay the bounty some time ago, and it became obvious that the bounties being paid in Leeds were for animals being toted in from elsewhere.

Clerk Reta Taylor announced that a booklet entitled 'Newboro Village - A Walking Tour' has been prepared, and is ready for distribution. The booklet was compiled under the sponsorship of the Rideau Lakes Union Library Board with funding provided by a Young Canada Works Grant. Cost to the village for printing was \$250. The booklet will be sold for \$1 each. They should be available at the Post Office, MacDonald's Grocery and the Clerk's office. Well written and very interesting, the booklet forms a useful adjunct to The Isthmus, prepared by Newboro Centennial Committee in 1967.

The Central Rideau District Trappers Council will be holding a meeting in Newboro Courthouse on Sat., May 2nd at 2 p.m. Questions put to the Ministry of Natural Resources will be answered. The interested public is invited to attend.

Although letters were sent to 7 area elementary schools inviting them to enter the minor ball tournament, only two have replied.

Reta Taylor stated that a reply had not been received to her letter requesting the LLBO to consider re-establishing a liquor outlet in Newboro. A letter is to be sent to our new MPP, Mr. Runciman, requesting his assistance. It should be noted that the Village of Newboro is one of the few villages straddling the Canal between Kingston and Smiths Falls. It is considered by Council that an outlet here is highly desirable.

RIDEAU LAKES HORTICULTURAL SOCIETY.

The regular meeting was held on April 7th, and the new President, Mrs. Kathleen Williams welcomed everyone. The minutes were read and approved. Mrs. Bell gave the financial report and it was moved that bills be paid. Our library is growing and Mrs. Slemmon, Mrs. Jenkins and Mrs. Maynard all agreed to be helpers in the library. It was decided that we should purchase a copy of the book about Chaffey's Locks "Hearth & Heritage" for our library.

Mrs. Williams had previously introduced an idea of a trophy or plaque to be awarded each year to the group, or team, in our society who won most points. Mr. Kimmerly volunteered to carve a plaque and had three drawings from which people could choose the shape or design. There was quite a bit of interest in this and the trillium seemed to be the favourite.

Mrs. Sharon Jenkins spoke about herbs and told us a very interesting story of the Richters greenhouses near Toronto. A bus tour has been proposed for May. We would need 39 people.

Mrs. Merriman gave a very good talk on the praying mantis and earth worms - telling us how very beneficial these are in our gardens. Mrs. Williams gave out packages of sunflower seeds. Coffee and refreshments were served. The meeting was adjourned. Next meeting we will have our plant exchange.

DINE OUT for Mother's Day

ARE YOU WONDERING WHERE TO TREAT YOUR MOTHER THIS MOTHER'S DAY?

We the family and staff of the Stage Coach Inn invite you to bring your Mother and family to our place on Sunday, May 10th. Our menu for this special occasion will include:
