

A YOUNG CHINESE ACROBAT AT THE SUMMER PALACE, PEKING.

*** The Lakeland Players**

Once again the Lakeland Players have a busy season of live theatre planned. The group is currently working on the first production, a collection of one act plays to delight, amuse and entertain.

'Schuberts Last Serenade', a comic farce, is a fast paced play about the difficulties a construction worker encounters in a high classed restaurant with his new girlfriend. The cast includes Ted and Ann Landon, Thomas and Richard Scovil, Ross Patterson and Henry Boston.

'Love Scene', a comedy about a garbage collector and his love of food and his clients, stars Bob and Ruth Pedherney.

The final play of the evening will be Wilder's 'A Long Christmas Dinner'. This play has been called the greatest one act play of English theatre. The play is an expressionist view of ninety Christmas dinners which one house experiences, and the people, that are born, live, and die therein. In spite of Wilder's use of death to mark the passing of time, the play is light and happy. It is always Christmas and Christmas is always happy. Wilder shows us the self-perpetuating sameness of the universe as a whole, while examining the ever changing details within the universe. This beautiful play has as its cast; Bob and Ruth Pedherney, Lorraine and Nelson Colford, Bev Patterson, Lorraine Porter, Kitty Bryce, Stuart Fielding, Marlene Phake, Thomas Scovil, Ted Landon, and June Boston.

Opening night will be in Portland, at the Rideau Centennial School at 8:00 p.m. on Wednesday, November 29 and successively on Friday and Saturday, December 1 and 2 at St. Edward's School in Westport.

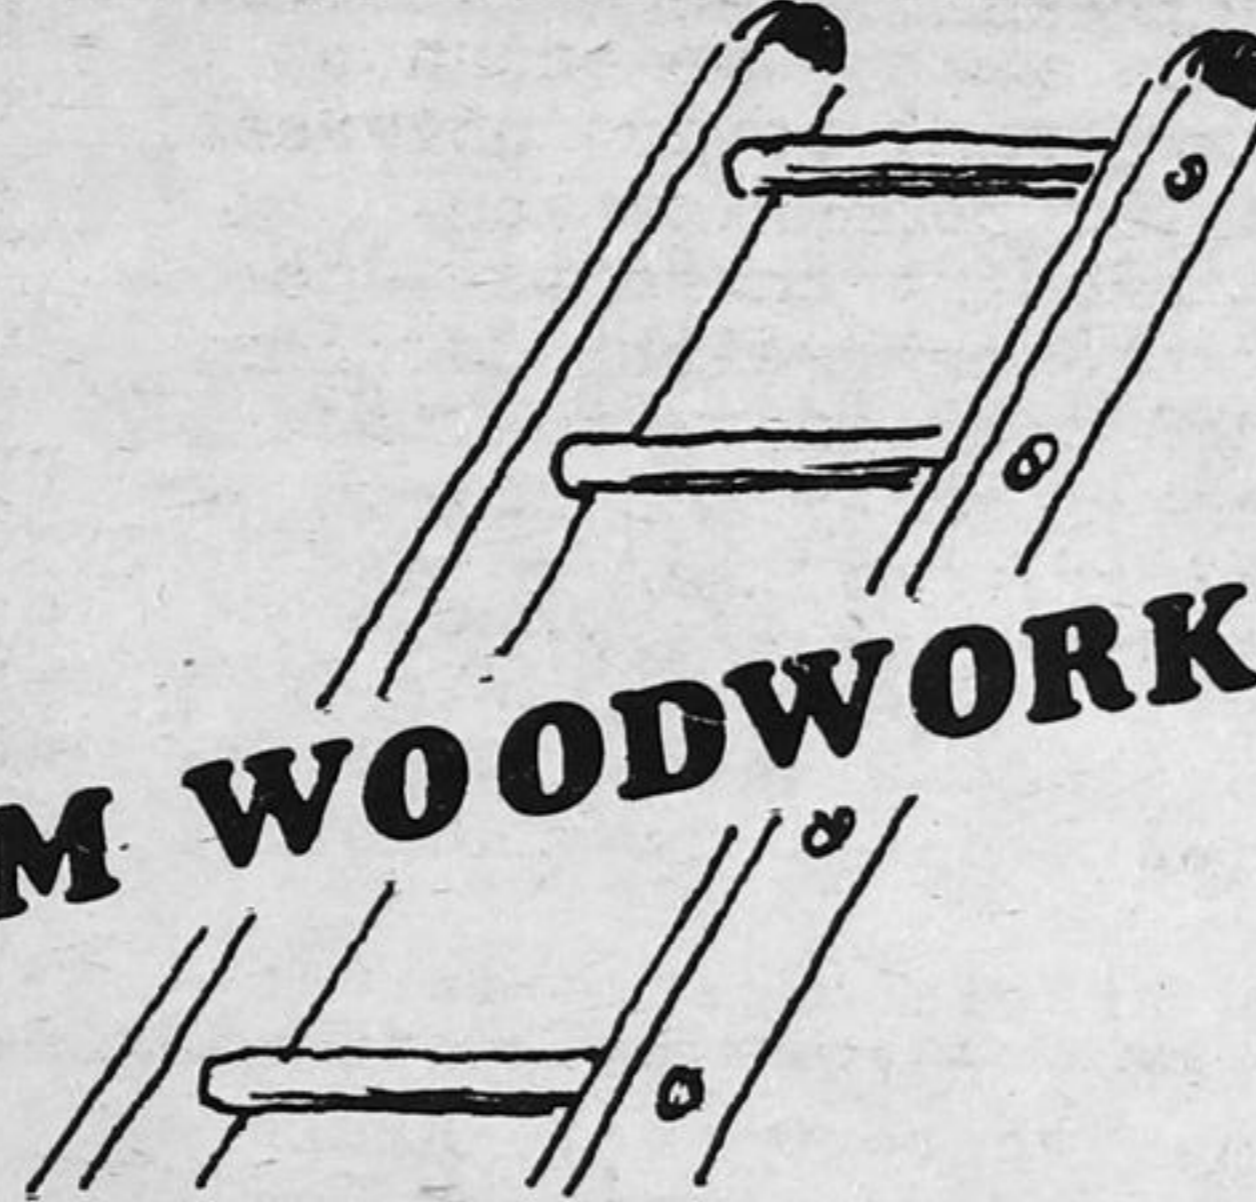

In addition to the stage cast, a host of back stage personnel will be working to make this an evening to remember. If you are tired of the plastic pap of television, for the ridiculous price of two dollars you can support and enjoy an evening with the Lakeland Players.
