Dear Readers:

It was one year ago this month that a small group of interested people met in the Library at Rideau High School to discuss the possibility of issuing a newsletter. It is our intention that this month should be another landmark in our development.

We have made a successful application under the Canada Works Program and as a result we are now in a position to hire a full-time employee to supplement the efforts of the volunteers.

Our new staff member will be writing a number of feature articles for each issue and will be available to do in depth research and reporting on issues of local interest. We hope that the presence of a full-time staff member will help us to coordinate our efforts and add continuity to our publication.

If you are planning a special meeting or event that you would like to have covered, or if you feel there is a need for any kind of specialized column on a regular basis, please call our reporter at 272-2158, or write to the Leeds Lantern at Box 89, Westport.

We are trying hard to do a professional job and provide a service to our community. If there's something we can do for you, your group or your community, give us a call and we'll give it our best.

Doug Roantree

The Lantern is distributed free of charge to all households in the Townships of North Crosby, South Crosby, Bastard and South Burgess, Rear of Leeds and Lansdowne; Newboro and Westport.

The North Leeds Lantern is published on or before the 1st of every month. It is produced by a committee of volunteers and is supported by most of the township councils in North Leeds.

Thanks for help in producing this issue go out to Jan Robson, Constance Ryan, Hans Scheitrowsky, Mary Sue O'Meara, & to all our hard working correspondents listed below:
