Dear Readers,

We're back with the second issue of the North Leeds Lantern. Needless to say we've learned a few lessons as a result of our experience with the first issue and we hope you will notice improvements this time around.

Our production schedule requires that we compose each issue well in advance of the printing date, therefore we haven't had the benefit of your comments as yet. We look forward to hearing from you by mail, by phone or by word of mouth. Please don't hesitate to contact us at any time with your questions, comments and opinions.

Articles, advertisements and coming events for our April issue must be submitted by the fifteenth of March. They can be mailed to

Come and help us help our community.
