### DARLINGTON DEMONSTRATION

12 Noon - Saturday - June 7  
Darlington Provincial Park  
E. of Oshawa - S. of 401  
at Courtice Rd.

WE DEMAND A HALT  
TO THE CONSTRUCTION OF  
DARLINGTON BECAUSE:

- . numerous accidents and safety violations at nuclear plants is a constant health hazard
- . there is no safe disposal for nuclear wastes
- . we already have an excess of electricity and further conservation will decrease our demand

THERE ARE VIABLE  
ALTERNATIVES TO DARLINGTON AND  
NUCLEAR POWER.

- . conservation, solar heating, and other economical renewable energy technologies
- . if \$3 billion of the \$7 billion being wasted on Darlington were used to insulate homes, we could insulate every home in Ontario, save more energy than Darlington would ever produce, and create 16,000 more person-years of employment.

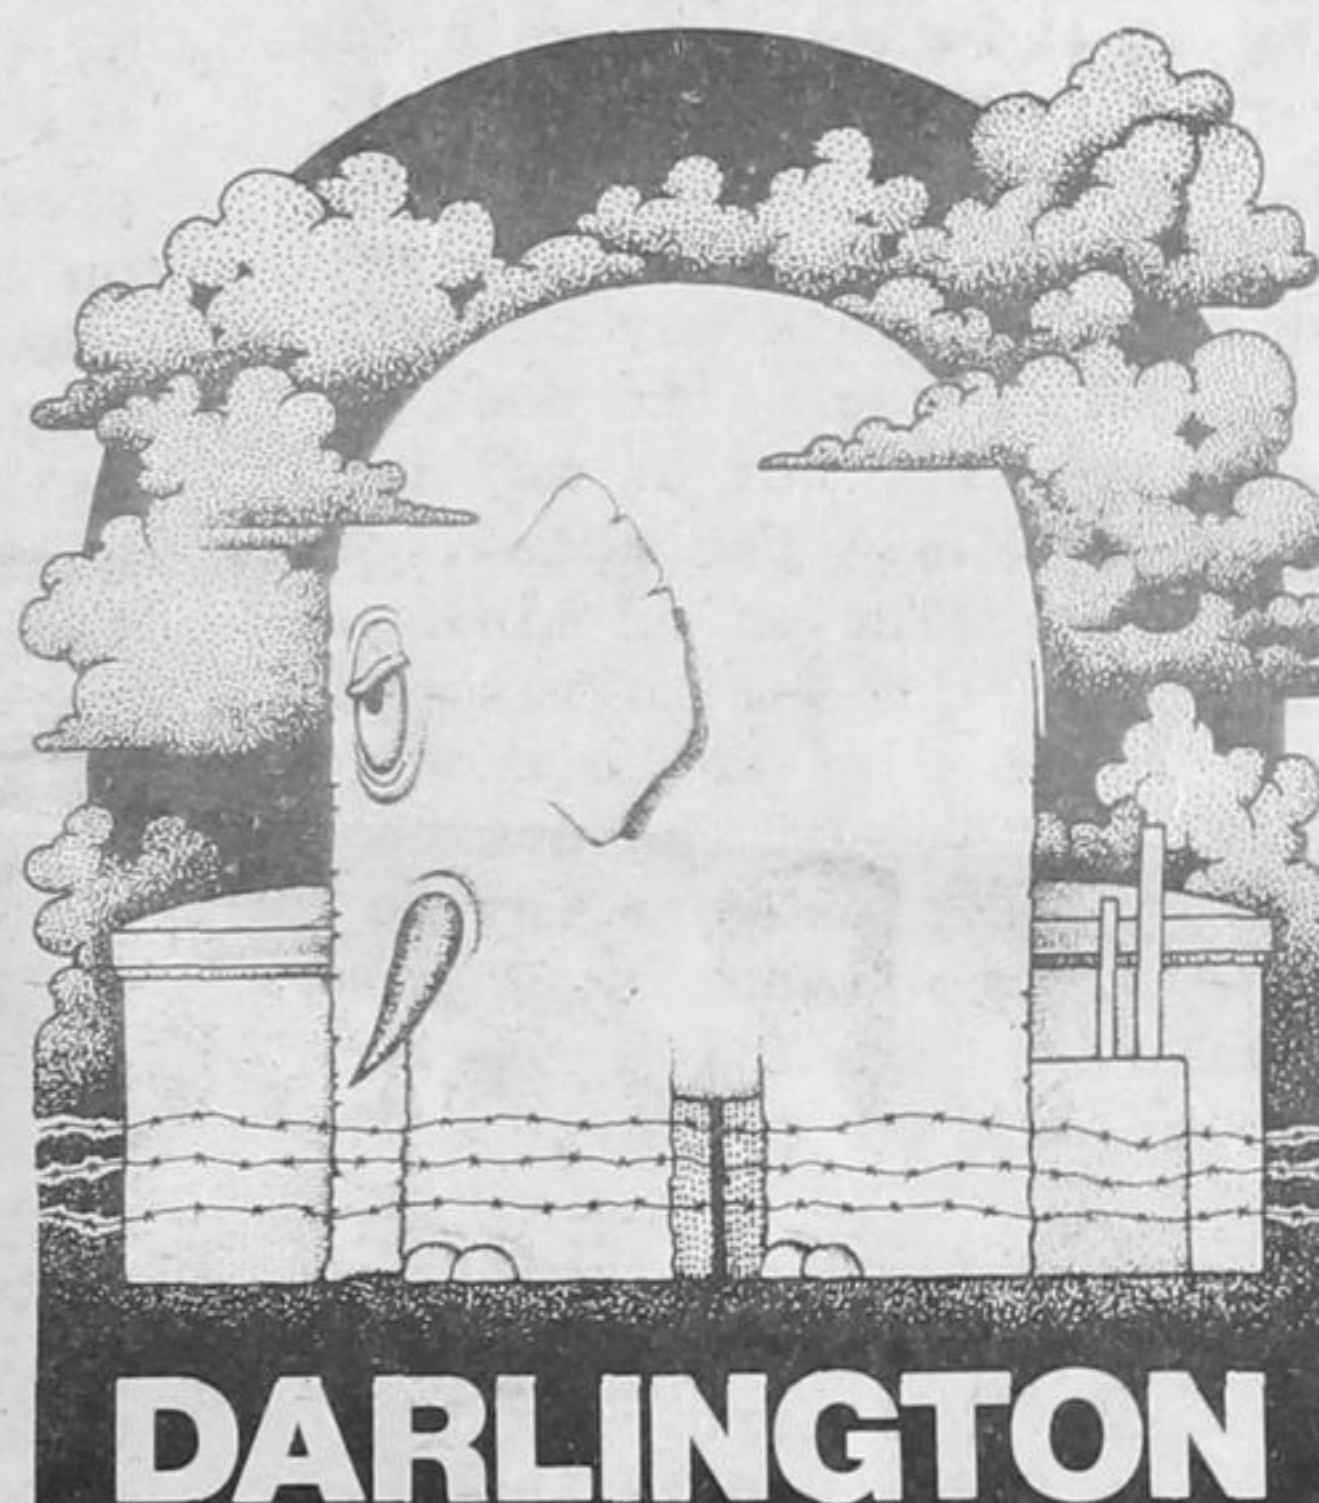

Leeds County Conserver Society

#### WHAT IS A CANADIAN?

A Canadian is a fellow who drives home in a German car from a French movie, slips out of his Hong Kong rubbers and Italian shoes, puts on his Japanese robe and Mexican slippers, sips Brazilian coffee from English China while sitting on Danish furniture and watching his youngsters play in Czechoslovakian sneakers. Then he writes his Member of Parliament with an American pen, demanding that Ottawa do something about the unemployment situation.

(Quoted by Vera Collings, guest speaker at the 71st Women's Institute)

#### L.A.C.A.C.

Three people have been hired under a Youth Employment Grant of the Federal Government to research and catalogue in book form the various houses of architectural significance in the Township of South Crosby.

The three people hired, Janet Parrish, Brian Hughes, and Kenneth Taylor will be sending out letters in the near future to those people whose homes are on L.A.C.A.C.'s priority list for this summer. These letters will be asking permission to photograph, sketch the exteriors and interview the owners of these homes.
