THURSDAY MORNING, AUG. 23, 1877.

The bright prospect that every-where prevailed a few weeks ago, in respect to the abundant harvest, has been somewhat rudely blasted by the destruction of the spring grain. At the moment when our farmers were congratulating themselves upon the abundant yield and fine quality of the spring wheat that was about ready to be gathered into their barns, a series of heavy rains poured down upon the fields and effected immense damage by causing it to sprout and rot. The effect may now be witnessed in the doleful countenances which are so frequently met with. From what information we can gather, however, we are disposed to believe that the damage is not nearly so bad as was at first reported. Fields of wheat that were a few days ago said to be utterly ruined, are now found on examination to be in a much better condition than was supposed. This will very probably turn out to be the case in nearly every instance. With the exception of peas, all other crops have been harvested in splendid condition and in magnificent quantities, while the prospects for roots and fruits are so far very satisfactory. So that upon the whole, we have no cause to despair of the result of the season's labors. Prices are likely to be quite remunerative, though probably not so high as during the past few months. There is no doubt, however, that throughout the Dominion generally, the yield will be very much superior to that of several years past, thus affording the gratifying prospect at least of greatly increased circulation of money, and a proportionate expansion of commercial traffic.

The crops are very heavy and difficult to get off. Oats, barley, and peas are a beautiful yield, and are of excellent samples everywhere. In some sections the spring wheat is as good as could be desired, while in others it is somewhat injured by rust and mildew. In the northern townships, as a general thing, there will be a full average yield of spring wheat, as the rust has not done any injury, but in the southern townships a number of fields have been badly smitten, and, as a consequence, the general yield will be somewhat below the average. But, taking all sections and all crops into account, there has been a splendid yield, the like of which Huron has not had for years.

Esqueping Township Council. The township Council met at Stewartton on the 10th inst. All the members were present. After the reading and adopting of the minutes of previous meeting, the clerk read a statement from the county clerk of the sums levied on this township for the current year, as follows: County purposes, \$2768.27; Public schools \$800; Credit Valley Railway, \$1987; H. & N. W. Railway \$2328. A communication was received and read from the trustee of School Section No. 11, requiring \$450 to be levied on the section for school purposes. Several motions were presented and read. On motion of Mr. Lindsay, seconded by Mr. Frazer, the treasurer was authorized to pay to Robert Brookbank \$13, being the two-thirds value of six lambs killed by dogs, and to Richard Houson \$2, for one lamb killed by dogs. On motion of Mr. Warren, seconded by Mr. Frazer, the treasurer was authorized to pay Hart & Rawlinson \$20.37 for municipal blanks, and J. H. Hacking \$47 for advertising Court of Revision and printing 500 copies of Voters Lists. On motion, the treasurer was authorized to pay Thos. Ryder \$10 for a culvert on lot 30, 3d line; John Foster, \$16 for stone culvert on lot 21, 10th con.; Lawson & Bannerman \$26 for planks; D. C. Robertson \$15 for the benefit of Gilbert Sinclair, an indigent; Peter Mann \$3 for repair of bridge 27 and 28, 4th con., and for repairing culvert; John Kennedy \$9 for repairing bridge on creek line. Moved by Mr. Lindsay, seconded by Mr. Warren, that leave be granted to introduce a by-law to assess school section No. 11 for school purposes for the current year. Said by-law was duly read and passed. Moved by Mr. Lindsay, seconded by Mr. Warren, that leave be granted to introduce a by-law to assess the township of Esqueping for the

current year; and that said by-law be read the first time.—Car. Moved by Mr. Frazer, seconded by Mr. Shortreed, that the sum of \$2.24 be refunded to David Cross, being an error in his assessment for 1876. Also that \$10 be paid to E. Nixon for serving notices of appeals for the sittings of the Court of Revision, and for the adjourned sittings; also \$2.40 for clothes for Jane Warlen.—Carried. The Council then adjourned until Friday, 14th Sept.

Fire in Guelph.

HORSMAN'S HAMMOTH HARDWARE PLACE IN ASHES. Guelph, Aug. 20. At 1.20 this p. m. the town bell sounded the dread alarm for fire. Smoke was seen issuing from the west end of the street, near the street, and a large crowd rapidly assembled. The hose was laid inside of seven minutes, and it was 14 minutes before water was got. Two streams were thrown. The street watering apparatus was used until the fire protection apparatus was got into working order, and would have done excellent service if longer hose had been available. Mr. Horman says that the first intimation he had of the catastrophe, was a whirring noise. He ran to the cellar door, found there was a fire. When he opened the hatch a sugar loaf column of flame burst forth. He ran to the door, and returned almost immediately. The fire had made such progress that he could not get into the store. The stock was valued at \$45,000, and was insured, in English companies principally, for \$29,000. The fire rapidly gained ground, and soon the second story, and, in a very short time, the third also, were in a mass of flames. The thick black smoke poured from the windows soon gave place to forked tongues of flame, and the heat on the street soon became scarcely bearable. In the meantime men mounted the roofs of the adjacent buildings, and kept them saturated with water. Cormack & Son's began removing the stock; the Bank of Commerce, and Ontario Bank, took the stock and had their valuables and portable property removed. It was not considered likely that Williamson's store could be saved, and a crowd of willing hands locked into the building, piece by piece, from the windows, to the imminent danger of the onlookers. Others took up the goods below, and carried them across the street. Messrs. Higginbotham & McLagan are agents for insurance companies which have \$12,000 risk. Mr. Spier, agent for the Inland Risk Co., has \$15,000 on Williamson's and \$6,000 on Horman's property. The principal companies in which Mr. Horman is insured are the North British and Mercantile, the Phoenix, of London, and the Western of Canada. At about 2.30 the flames having been confined to Mr. Horman's store, began to abate before the efforts of the fire brigades. The store was about the size of Williamson's, and was insured for \$20,000. The store was insured for \$20,000. The store was insured for \$20,000. The store was insured for \$20,000.

The Pickering Horror.

DEATH OF THE WOMAN WHO WAS RAVISHED.

Mrs. Bennett, the woman who was outraged by two men on the night of the 26th ult., at her home, lot 21, 6th concession of Pickering, has died from her injuries. The case is a question of one of the most diabolical that has ever come within our notice. The Whitty Chronicle in an editorial thus refers to the tragedy:—"Language fails us in adequately denouncing the enormity of this crime, which has disgraced the Township of Pickering. The poor victim is alone with her five young children—she of weakly habit of body—seemingly from want of proper nourishment, according to the testimony of the doctors—the husband is away at work to employ with food, and it is known that he will not return at night—her home is invaded at the midnight hour—she becomes senseless in the hands of two brutal ravishers, who, after working their horrid, lustful, beastly will on her poor person, leave her senseless, naked, lying on her bed! and poor creature! she succumbs to their brutality and dies from the effects of their violence, leaving her crying infants and maddened husband objects of pity and commiseration before the world—to be pointed at because of the tragic fate of the doctress wife and mother! can even the punishment of the gallows be sufficient for the miscreants guilty of such a crime?"

A Discarded Lover's Vengeance.

(From the Guelph Mercury.) It appears that a man named John Hogg, in the employ of Joseph Reinger, farmer and drover, at Little Germany, lately fell in love with a maid-servant who formerly lived at Reinger's. He was not successful in his wooing, and lacking courage to press it farther, he hid the employer's wife on his side to plot his revenge. This it appears had no effect, for a short time ago Annette Reinger, brother of Joseph, married the girl and settled quietly down to domestic life in the township of Whitchurch. Saturday, the 14th inst., came round, a grand opportunity presented itself, as his employer had gone to New York and Mrs. Reinger was out in the woods picking berries and bled his time, and when she returned, she found the door open, and with an axe smashed every thing in it, ripped up all the clothing he could find and battered a gold watch to pieces, besides taking some twenty-dollar gold pieces out of all shapes. After this he killed the boy, and proceeded to fire the barn, in which some parties appeared on the scene and took him into custody. The value of the property destroyed is about \$1,000. The time occupied in performing the work of destruction was about three hours. Hogg was afterwards brought before Magistrate, who committed him to stand his trial for destroying property.

Supreme Lodge Knights of Pythias of the World.

NINTH ANNUAL SESSION.

(From a Globe Correspondent) CLEVELAND, Ohio, Aug. 17. The banquet and ball in honor of Supreme Lodge on Wednesday night was in every respect a success. The tickets were limited to 388, including the members of Supreme Lodge members, and consequently the assembly was select. Among the speakers none received a more courteous and hearty reception than Ontario's representative. The third day's proceedings were characterized by the transaction of a very great amount of business, the sessions being three hours and a half morning and afternoon, and a third in the evening. Among the business done other than legislation and that of secret session, was the adoption of a platform of declaration of principles of the order. A design for a badge and jewel suited to the founder of the order was adopted, and an appropriation made for the purpose of procuring the same. The fourth day was devoted to the final consideration of a disposition of reports. Among the more important of the amendments was the decision to change the sessions from annual to biennial sessions. This change will be a saving of a great expense to Supreme Lodge, the annual sessions of which cost over \$5,000. The following Report, of some interest on account of the expressions being of an international as well as fraternal character, was unanimously adopted by Supreme Lodge: To the Supreme Chancellor, Officers, and Members of the Supreme Lodge, Knights of Pythias of the World. Your committee to whom was referred that part of the report of the Supreme Chancellor relative to Ontario would report the following resolution and recommend its adoption: Resolved—That the thanks of the Supreme Lodge of the World be tendered to the Knights of Pythias of Ontario, Dominion of Canada, for their untiring labours to plan and perpetuate their Order in that Dominion, and to disseminate its teachings among the people. That we have read with pride the address of the Rev. Wm. McConough, of Paris, at the residence of the wife's father, Rev. Richard Hable, of Acton, to the Supreme Chancellor, Samuel B. Bowman, youngest daughter of Samuel B. Bowman, Esq., of Blair. In Acton on the 16th inst., at the residence of D. D. Christie, Esq., the bride's brother, by the Rev. D. B. Cameron, Mr. Christopher Dempsey, of Toronto, to Miss Helen Christie, youngest daughter of the late Charles Christie, Esq., of Nasawagoyia. A Young Girl Perishes in a Tank.

Saturday afternoon, Mr. Robert Robertson, who lives near the Maple Leaf base hall ground in Guelph, accompanied by his wife, went out for a short walk, leaving the children, including the oldest, a girl of nine, at home. During their absence this girl went out of the house a few moments, and on her return found that the youngest child had in some manner not known, fallen head foremost into a large puncheon which did duty as a tank of cistern, and the mouth of which was flush with the surface of the ground. The tank is situated in the yard of Mr. Robertson's residence, and has been habitually left unprotected. Some months ago a young man fell into it and had a narrow escape from drowning. Arriving home about 4.30 p. m. Mr. Robertson found the child quite dead.
