1877.

# CHRISTIE, HENDERSON & CO. ACTON.

In presenting our regular half-yearly Circular to the Public we have again to return thanks to our numerous customers and the general public for the very large share of business extended to us, and in doing so we can only assure them that no effort on our part will be spared to merit a continuance of their favors. As heretofore it will be our constant aim to advance their interests as far as lies in our power, and at all times endeavor to show as large and complete a Stock as can possibly be found in one establishment. Feeling assured that the bountiful harvest of the past season with a reasonable prospect of fair average prices for all kinds of farm produce, will cause a great revival in trade, we have purchased this season a larger stock than in any previous year, and having done so with a knowledge of the wants and tastes of our customers, we feel assured we shall not be disappointed in finding ready demand therefor. As heretofore our stock comprises

## General Dry Goods,

Of all kinds, Millinery and Millinery Goods of all kinds, Boots and Shoes in immense variety, Ready-made Clothing, Groceries, etc.

As to prices we are determined not to be undersold by any one either in Acton or outside. We manage our business at the least possible expense and will sell at all times at the lowest possible prices.

We extend a cordial invitation to examine our new Stock, which we trust will in style, variety and good value, compare more favorably with any house of the kind in the trade. In the fall of the year no one requires a line of credit as money is then more plentiful than at any other season of the year, besides our experience teaches us it is in all cases infinitely better to pay as you go. Our motto heretofore has been
